SISA TIMES VOL - I

MESSAGE FROM CHAIRMAN

The first two months of the ongoing financial year didn't show much promise, though I had full confidence on MD Sameer that he will deliver, even if it was to be on the last day of the quarter end. And he did, once again reinforcing my conviction in his dynamism and potential.

My company believes in team spirit behind every success that we achieve. I feel humbled to watch our team leaders' bulldoze our adversaries by leading from the front. They, along with their teams, have been doing exemplary service to my company, which is truly gratifying. I am making special reference to the laurels they have brought to the company in the single month of June, 2017.

Let me start first by congratulating our guards and supervisors at Tata Power Mundra Plant, for being felicitated by the Plant Manager, Mr. Ghate for exemplary service to the company. Next in line is Security Supervisor Sanjeev Kumar for bagging the Shram Puraskar Trophy by Essar Steel, a truly coveted award. I am sure there are many more of my dedicated soldiers who have done the company proud. My heartiest congratulations to all of them.

My dearest MD, Sameer leads the way by bagging some of the star security contracts like the HPCL Lakshmi Mittal Pipe Line project, followed by Team Nagpur, ably lead by Capt. G S Pareekh, Team Punjab lead by Sandeep Singh, Team Chennai lead by Capt. Guruswami and Team Gujarat. I am sure the other teams will follow by example and take our company to the zenith of security services business in the country. My heartfelt thanks and best wishes to all of you. Keep up the good work.

The company has introduced certain new policies and procedures to ensure on time delivery of our services to our valued clients. With the induction of these tested corporate practices, both employee excellence and customer delight quotients will peak. I will engage hawk eyes to monitor the success of the above initiatives.

You and your families are very dear to my heart. Your moments of happiness, despair, successes and failures, ecstasy and sorrow are personal to me. I share all these with you, as head of the SISA family. So rise and smile for a great new future ahead of you!!!

God bless you all.

Maj S K Sharma (Retd)
Chairman

SISA TIMES VOL - I

FROM EDITORS DESK

Dear Readers,

As we bring you the first edition of the financial year 2017 – 2018, our whole hearted thanks goes out for our Chairman and our Managing Director. It is because of their support and enthusiasm that has kept SISA Times floating. I am also personally grateful to my Co-Editor, Ms. Tanya Bhatia for her proactive support.

SISA Times gives a quick insight into the events of the past three months. The ‘Chairman’s Message’ is probably the most important part of this e-magazine and should be read by everyone. It is imperative that we all understand his feelings and views on the health and progress of the company, so that we collectively strive to come up to his expectations.

Every issue of SISA Times is an opportunity for you to share with us your professional success stories or even that of your children. India is a large and diverse country; tell us something about the town, city or state you live in. Your inputs will keep us updated professionally and personally. You may send in your articles to Tanya Bhatia, info@sisasecurity.com. We will be very happy to include your articles in the next edition.

Chak de SISA!!!

CHANDIGARH

Chandigarh, the capital of the northern Indian states of Punjab and Haryana, it was designed by the Swiss-French modernist architect, Le Corbusier. The name Chandigarh is a portmanteau of *Chandi* and *Garh*. *Chandi* refers to Hindu goddess Chandi, the warrior Avatar of Goddess Parvati, and *Garh* means home. The name is derived from Chandi Mandir, an ancient temple devoted to the Hindu Goddess Chandi, Chandigarh is located near the foothills of the Sivalik range of the Himalayas in northwest India. It covers an area of approximately 114 km². It shares its borders with the states of Haryana and Punjab. The city, lying in the northern plains, has vast fertile and flat land. It has portions of Bhabar in the north east and Terai in rest of the area

Location

Chandigarh is located near the foothills of the Sivalik range of the Himalayas in northwest India. It covers an area of approximately 114 km². It shares its borders with the states of Haryana and Punjab. The city, lying in the northern plains, has vast fertile and flat land. It has portions of Bhabar in the north east and Terai in rest of the area. The surrounding cities are Mohali, Patiala, Zirakpur and Roopnagar in Punjab, Panchkula, & Ambala in Haryana. Chandigarh is situated 114 km southwest of Shimla, 45 km (28 miles) northeast of Ambala, 229 km (143 miles) southeast of Amritsar and 250 km (156 miles) north of Delhi. Chandigarh hosts many religious places, including the temple on which it was named - Chandimandir. The ISKCON temple in Sector 36 is one among the worship places for Hindus. Nada Sahib Gurudwara, a famous place for Sikh worship lies in its vicinity. Apart from this, there are a couple of historical mosques in Manimajra and Burail.

Places of interest

Chandigarh has various visitor attractions including theme gardens within the city. Some notable sites are:

Sukhna Lake is located in Sector 1, adjoining the Rock Garden near the foothills of Shivalik Hills. Sukhna is an artificial lake. This 3 km rain-fed lake was created in 1958 by damming the Sukhna Choe, a seasonal stream coming down from the Shivalik Hills. It has The Garden of Silence within it the atmosphere here is serene. Sukhna Lake is the venue for many festive celebrations. The most popular is the Mango Festival held during the monsoons. It is believed that a Swiss architect Pierre Jeanneret's ashes were immersed in this lake according to his will as he developed a deep bond with the lake

ROCK GARDEN-

The Rock Garden is situated in the middle of the Capitol Complex and the Sukhna Lake in Sector 1. It is also known as Nek Chand Rock Garden after its founder. It has numerous sculptures made by using a variety of different discarded waste materials like frames, mudguards, forks, handle bars, metal wires, play marbles, porcelain, auto parts, broken bangles etc. Nek Chand himself went up the Shivalik hills and got different stones and materials with which he started building the garden

ROSE GARDEN-

Zakir Hussain Rose Garden, or simply Rose Garden, is named after the former President of India, Zakir Hussain. It is situated in Sector 16 the garden is known to be the greatest of its types in Asia. The garden is said to be spread about thirty to forty acres containing nearly 825 varieties of roses in it and more than 32,500 varieties of other medicinal plants and trees

Getting There

Chandigarh is very well connected by air, rail and road to most parts of the country. Chandigarh International Airport is a very busy airport catering to both international and domestic passengers. Trains run regularly from Delhi and other state capitals. Inter-state highways connect Chandigarh to the entire country.

Accommodation

Chandigarh caters to the interest to all categories of visitors. From star hotels to budget hotels and dharmshalas, there is no dearth of accommodation in this bustling city

Best Time to Visit

Winters are quite harsh here so the best time to visit would be mid August to November, when the climate is very pleasant.
